

# FLUID-TROL III™

HOSE VALVE

The FLUID-TROL III™ is a heavy-duty hose valve specifically designed for harsh industrial service with high flow capacity and efficiency. This design provides an easy, ergonomic and safe operation. The FLUID-TROL III Hose Valve is offered with optional wand extensions that facilitate use in difficult-to-reach areas.

The FLUID-TROL III Hose Valve satisfies OSHA requirement (1910.242) for the full range of recommended supply pressure. The wand extensions come with an integral stainless steel air nozzle that also complies with OSHA standard (1910.242) for the full range of recommended supply pressure.

SUPERIOR  
DURABILITY  
&  
FLOW  
CAPACITY

## INDUSTRIES // APPLICATIONS

- Pulp and paper, such as rethreading of paper milling machines and cleaning of chips and debris under conveyors
- Dairy products, food & beverage, and chemical plants, for wash-down of stainless steel and lined tanks

## FEATURES

- For use in both air or water service (with appropriate nozzle selection)
- High flow capacity and efficiency
- Quick opening
- Automatic shut-off when lever is released
- Leak-tight
- Regulating (throttleable) flow
- New solid steel handle redesigned for a comfortable grip
- Improved strength of internal hose valve components for increased durability
- Optional swivel to increase maneuverability
- Optional OSHA compliant wand extension available in 2 & 5 foot lengths

## BENEFITS

- Extraordinary durability to withstand long-service life in harsh industrial environments
- Superior safety, ergonomics and ease-of-operation
- Optional wand extensions compliant with OSHA requirements

## STANDARD MATERIALS AVAILABLE

- Stainless steel body coated with TPE (thermoplastic elastomer)
- Stainless steel handle and internal components
- Stainless steel air nozzle
- Brass nozzle water applications
- 2' and 5' aluminum wand extension with stainless steel nozzle (option)

## SPECIFICATIONS

- 330 CFM with 150 psig inlet pressure

## HOW TO ORDER

- Visit [www.hosevalve.com](http://www.hosevalve.com) to order the FLUID-TROL III directly from Continental Disc Corporation
